Personality

Bio

David Bonjour graduated from a medical university with good result. After pursuing ATA (American Translators Association) certificate in translation, he came to work as a medical translator for a big magazine in medical field. Here, he had chance to work with and learn from enthusiastic experts in the field. But as an ambitious person, he always look for opportunity to advance his career, after 2 years of working in the magazine, David joined AMA - a renowned publisher in medical books and magazines - as a professional medical translator. His job relates mostly to patient safety and improvements in the field. Keeping updated with new knowledge and technology in the field is his passion.

Skillset:

- Communicate influentially in English with excellent reading and writing skills.
- Eager to learn and thirst for knowledge.
- Strong background in medical field.
